**Roof Support Note (optional):** This product is not designed for sustained snow load. If the product will be unattended for any period of time through the winter months we recommend a 2x4 support being placed in the center of the structure. We recommend a 83" length. Cut a 2x4 to this measurement. Lodge the support between the floor and the roof when blind is not in use. This will help support the roof under heavy snowfall. NOTE: If your roof does collapse it can be reset by disconnecting the roof and placing it on the ground. Once it is on the ground, stand on the roof to push the dent out and back into shape.

**NOTE:** When assembling, be sure that the bolt is inserted from the exterior and the washer and wingnut are from the interior. Make sure that the roof panel is resting **ON and OVER** the sidewall panels.

**STEP 9:** Install the Door Handle [INS-TERRAIN-HANDLE] into the Door/Frame Assembly [04627V-A] panel. This step does not require any additional hardware.

**NOTE:** When assembling, be sure the handle is in the correct orientation as shown. The TERRAIN text faces up, the LATCH faces towards the frame, and the WEATHER COVER is on the exterior.

**ATTENTION!** DO NOT RETURN TO RETAILER. IF THERE ARE ANY MISSING OR BROKEN COMPONENTS PLEASE CONTACT THE MANUFACTURER AT (989) 575-3122. REFERENCE BLIND MODEL: **ARCHER 04621V** AND THE SPECIFIC COMPONENTS NAME FROM THE PARTS LIST.

FIG 10

**STEP 10a:** Install the Door Handle [INS-TERRAIN-HANDLE] into the Door/Frame Assembly [04627V-A] from the exterior of the panel. Insert the tabs near the latch on the Door Handle into the slot as shown. Slide the partially installed handle towards the door frame.

**STEP 10b:** Push the back set of tabs on the Door Handle through the slot. This is a tight fit, designed to be a snap fit. The tabs are angled to assist with installation.

**STEP 10c:** While applying pressure in on the handle to keep the tabs in the slot, slide the handle towards the door frame.

**NOTE:** While the handle is removable, it is designed to be installed only once. Refrain from removing and reinstalling the handle more than needed.
